DAYTONA A POPULAR RESORT

The Many Visitors Here Spend Their Time in Driving or in Boat Trips on the River.

Bits of conversation overheard at the railroad station from departing visitors go to prove that Daytona, as a resort, is just about perfect. Expressions of gratification are every day heard on all sides while waiting for coming trains.

Never before has there been so many ways and means in getting about as this season. There is a launch that carries passengers across the Halifax to the peninsula, and with only a short walk one is at the ocean side. There are also hacks and automobiles making trips to the beach. Besides one can at any time get a wheeled chair and go where one pleases. Then there are daily trips on the Cherokee and Uncle Sam to the weird Tomoka, or down to the Inlet, via the old village of New Smyrna—all a day's trip, leaving in the morning and returning before nightfall. Besides, the drives about here and on the beach can't be beat anywhere.

Radium and Liquid Air

Prof. W. B. Patty will give his entertaining and instructive lecture on Radium, Liquid Air and Wireless Telegraphy at the Woman's club-house Monday night, under the auspices of the Woman's Club.

The lecture was not only intensely entertaining and instructive, but the lecturer combined all the qualities of the polished platform entertainer with a distinct mission to perform. Those who were present were pleased, and held in the deepest interest. The experiments with radium were particularly interesting, while those with liquid air and wireless telegraphy were of equal value as well.—Times-Union.

Prof. Patty will deliver his lecture at the Daytona Opera House on Thursday March, 16th.

Stetson University has now 366 students enrolled.

EAST COAST STILL POPULAR

With Tourists and Everything Indicates That They Will Remain Longer Than Usual.

As an indication of the great popularity of the East Coast is the fact that all hotels from St. Augustine to Miami are crowded with tourists and are likely to remain so for some time to come.

In past seasons the exodus north has been well under way by the middle of March, but this year there is no indication at this time that the people are contemplating a homeward movement. Of course the travel northward is beginning to pick up, but this is more than offset by the crowds still pouring into the state on every train.

The present season has unquestionably been the best in the history of the state and it is only reasonable to suppose that it will last longer this year than formerly.

The DAILY NEWS, with many other Florida papers, has contended that the tourists leave the state too early in the spring for their own comfort and enjoyment, and it is not out of place to again state to the visitors who are now here that March and April are the banner months in Florida, climatically and otherwise, and that they make a mistake by not remaining longer in the state.

New Smyrna Road.

The shell road from New Smyrna to Daytona, along the Halifax river, which has been building for about a year, was completed last week and turned over to the public. The completion of this piece of road now makes a continuous hard road from Ormond to Oak Hill, about thirty-five miles, along the Halifax and North Indian rivers, through some of the finest natural scenery in the State.

J. L. Magee, who has driven an auto over the road, states that with the help of a good rain the road will be in fine condition.

Rev. R. B. Templeton is now located at Rich Hill, Mo.

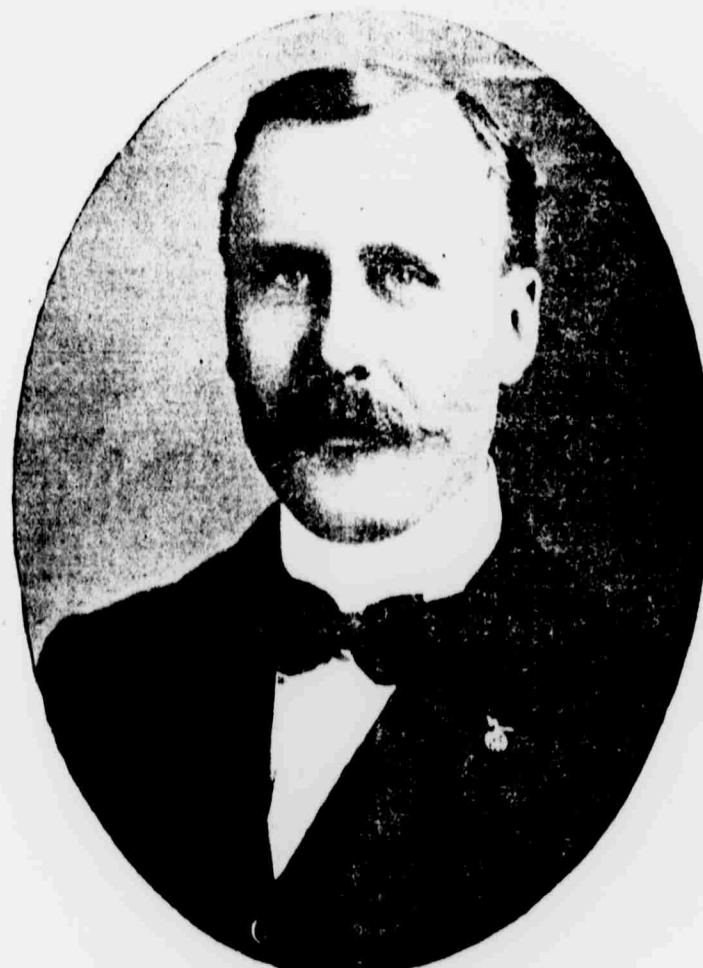

Major Bingham and Captain Parkinson are Promoted

It is Now Lieutenant-Colonel Bingham and Major Parkinson.--Both Gentlemen Prominent and Very Popular Here.

Successor of Capt. Parkinson Has as Yet Not Been Chosen.

INSPECTION WILL OCCUR MARCH 20th.

The recent resignation and removal from the State of Colonel Bradshaw, left a vacancy, the filling of which with the necessary promotions which were bound to follow, has been the absorbing topic for weeks in military circles.

LIEUT. COL. F. M. BINGHAM.

Bingham, who becomes Lieutenant Colonel of the 2nd Florida Regiment of Infantry, and Capt. Parkinson, who becomes Major of the 2nd Battalion, 2nd Regiment of Infantry.

Col. Bingham has served continuously in the Florida State Troops for over 20 years, beginning as a private in the Halifax Rifles and has held almost every non-commissioned and commissioned office and several staff offices. His services are too well-known to deserve any comment except that he has for many years been recognized as one of the leading military men in the State.

Maj. Parkinson has been identified with the State troops since 1886, but not continuously, having been a private in the old Metropolitan Light Infantry of Jacksonville, and afterwards in the Halifax Rifles.

Maj. Parkinson's battalion is composed of the companies from Key West, Miami, Palatka and Daytona and under his administration will undoubtedly maintain their present high standard of military efficiency.

Musical Last Night.

The musicale given last night at the residence of Col. and Mrs. Houston was attended by a large number of the music lovers now in the city.

The program as printed yesterday was carried out by Mr. Blount and Mrs. Moore with the exception that, by request, a duet was added, which was loudly cheered. The various numbers were artistically and satisfactorily rendered and the event proved the most enjoyable of the kind ever held in the city.

The annual ball at The Seaside Inn will be given tonight.

J. C. Pettepher will operate autos between the city hall and the Automobile Club House this evening. A bus will leave the city hall every fifteen minutes and fare will be 25 cents for the round trip.

Mrs. C. L. Whitney, Albany, N. Y.; Mrs. J. L. Murphy, Miss M. S. Murphy, Miss Irene Murphy, Trenton, N. J.; Miss E. Stoddard, Mrs. G. S. Van Pelt, New Brunswick, N. J. are guests of The Bennett.

BIG STREET CARNIVAL COMING

J. W. Hays Has Secured Permission For His Street Carnival to Show Here Next Week.

The City Council met yesterday afternoon in special session to consider a petition from J. W. Hays, who requested permission to use Beach street to exhibit his street carnival and fair.

The Council met with President Harris in the chair, Aldermen Clark, Schmidt, Hendricks and Matthews being present. The petition of the Carnival Company, presented by J. W. Hays, was received and read, and on motion, was laid on the table.

This morning the Carnival Company was granted permission to exhibit on the Rogers lot, corner of Fairview avenue and Beach street.

The Carnival Company will arrive here next Monday and the show will open up Tuesday and extend throughout the week.

Speaking of this company, which exhibited at West Palm Beach last week, the Palm Beach News says:

"Among the several pleasing features of the carnival, which deserve especial mention, is the Holy City show. It is a series of pictures projected on a canvas, illustrating scenes from the Holy City as told in the beautiful song of that name, and is probably the best exhibition ever brought to the State.

In the same tent are the Poses Plastique and the Bold Bank Robbers. The first is a very handsome young lady with draperies spread to receive a set of projected pictures of which the poseuse makes a beautiful center.

The last is the Bold Bank Robbers, which is a moving picture story of one of the greatest robberies ever committed, and carries the beholder through every scene, from the time the plan is formed until the criminals are captured and are doing time in state prison.

The entire show is good and everyone should see it.

The Cherokee had a large party yesterday.

Ready to Wear Goods

OUR LARGE STOCK OF

Ladies Spring Hats
" White Duck & Pique Skirts
" Bathing Suits
" Brilliantine Skirts
" White Canvas Oxfords

Men's Straw Hats
" Canvas Oxfords
